SUMMARY

I am a B.Tech Information Technology student at Sri Krishna College of Technology, Coimbatore, with a strong interest in software and mobile application development. I have hands-on experience in Jetpack Compose, Flutter, full-stack development, and building realworld projects such as music streaming applications. I am a dedicated team player with a positive attitude and a strong willingness to grow as a software developer.

EDUCATION

2023 - Present

B.Tech - Information Technology - Sri Krishna College Of Technology Coimbatore.

CGPA - 8.04/10.0

2022 - 2023

HSC-Government Higher Secondary School Kavakrapatti Namakkal.

86.5 %

LANGUAGES

- Tamil (Fluent)
- English (Intermediate)

SKILLS

- Android & iOS Development
- Full Stack Web Development
- Backend Application Development
- UI & UX Design
- Linux System Administration
- Web Application Testing
- AWS Console handling

TECH STACKS

- Kotlin
- Jetpack Compose
- Java
- Spring Boot
- C++
- Selenium
- SQL
- React JS
- Dart
- Flutter
- Python
- FastAPI

PROJECTS

• Speney - Expense Tracker

- Developed a personal expense tracking app with automatic expense detection using SMS-based UPI transaction parsing for smart categorization.
- Integrated Firebase Authentication, Firestore Database, and Cloud Messaging; currently available in play store for public use.

• Musico - Music Streamer

- Built a full-featured Android music streaming app using Flutter with dynamic color UI, offline playback, and ad-free streaming.
- Implemented a recommendation system based on listening history and optimized audio playback for better performance and responsiveness

• Fast API - Musico Backend

- Developed a RESTful backend using FastAPI with authentication, playlist management, song classification, and search features.
- Deployed on AWS Cloud and integrated seamlessly with a Flutter mobile application for production use.

• LyreWave - Voice Recorder

- Developed a high-quality Android audio utility app using Flutter with features like audio transcription, trimming, and joining.
- Published on the Google Play Store and optimized for high performance with a clean, user-friendly UI design.

ACHIEVEMENTS

- Organized Pixelpunk 2024, an inter-department app design contest.
- Completed certification in Cross-Platform Software Development & Mobile App Architecture.
- Completed Cloud Management and AWS Console Handling course.
- Completed trainings for Networking, Linux System Administration, and Cryptographic Security Systems.
